ई बर्ड मर्लिन एप के उपयोग का दिया प्रशिक्षण

शिमला। राजकीय कन्या महाविद्यालय में जीव विज्ञान विभाग और ईको क्लब के सहयोग से कार्यशाला लगाई गई। इसमें छात्रों को पक्षियों की ईबर्ड मर्लिन के उपयोग का प्रशिक्षण दिया गया। शिक्षक और छात्रों ने कार्यशाला में भाग लिया। कर्नल यूनिवर्सिटी यूएसए की विश्वव्यापी नागरिक विज्ञान पहल के तहत यह कार्यशाला लगाई गई। द ग्रेट बैकयार्ड बर्ड कार्ड (जीबीबीसी) बर्ड कार्ड इंडिया में दुनियाभर के 200 से अधिक देशों के हजारों स्वयंसेवक ई बर्ड चेक लिस्ट भेजते हैं। कार्यशाला में पक्षियों की ईबर्ड और मर्लिन एप का उपयोग करना सिखाया गया, जो पक्षियों की पहचान करने के लिए कृत्रिम बुद्धिमत्ता और डेटा प्रोसेसिंग का उपयोग करते हैं। यूरो

Organised in Rajkiya Kanya Mahavidyalaya Shimla
On the occasion of National Science Day 28th Feb 2024

waah!

NPS (net promoter score)
73% participants who attended our sessions would highly recommend us to their family & friends.

To simplify Sustainability & climate change & induce action on climate change.

To promote a community of sustainability practitioners.

We believe that the future generation will be affected most by climate change and global warming. They need to be prepared for and empowered. We also believe that we all possess power & privilege to impact our communities, society and make a change.

We are thus, partnering with educators & students to become the ambassadors & proponents of sustainable living practices.

WHAT WENT WELL !!

HANDS ON APPROACH, DEFINITION OF NATURE, SIMPLIFICATION OF THE GARBAGE ISSUE, THE SILENCE OF AN ENTHRALLED AUDIENCE. THE WAAH JOURNEY HAS IGNITED AT LEAST A HUNDRED MINDS

WHAT CAN BE IMPROVED !!

Interaction needs improvement, but then today was an ice melting session, we could have distributed small packets of starter kits to start the process of composting Yes starting with the sustainability practices of college could have turned them into half way Eco warriors with hunger for more

97.6%

PARTICIPANTS WOULD LIKE TO ENGAGE & PARTICIPATE IN OTHER SUSTAINABILITY SESSIONS & COURSES WITH OTHER LIKE MINDED PEOPLE WELCOMING MORE SPACES WHERE WE CAN HAVE CONVERSATIONS ON SUSTAINABILITY PROMOTING INDIVIDUAL ACTIONS & PRACTICES.

WONDERMENT
92.7% participants left our sessions with a sense of wonderment

AWARENESS
95.1% participants left with more awareness about sustainable living & its impact in our daily lives

ACTION
100% participants are ready to act on sustainability

HABIT
100% participants felt that they will cultivate a habit of sustainability
