4.4.2 – There are established systems and procedures for maintaining and utilizing physical, academic and sports facilities-laboratory, library, sports complex, computers, classrooms etc.

- Regular assessment/audits regarding maintenance of physical, academic and sports facilities are carried out by college management and maintenance committee in line with institutional needs. The purchase committee reviews and approves necessary requirements received from different departments.
- The library committee focuses on the availability and utilization of instructional material in teaching and learning process (TLM). They manage book procurement as per requirement of books from various departments, weed out outdated material and to carry out stock verification yearly.
- Lab staff maintains and upgrades the laboratory and necessary equipments from time to time to cope with changes in curriculum. Physical verification is carried out to verify working/nonworking equipments.
- Sports organizer looks after the sports facilities and sports activities. The basketball court and other sport facilities are given regular maintenance. Proper record of utilization of sport facilities, activities held and awards won by students are kept.
- The college canteen is closely monitored by the committee to check hygiene, nutrition and variety of food items. The classrooms with necessary ICT tools are utilized as per timetable of department. The classrooms are cleaned on daily basis and are monitored by cleanliness committee.
- The campus aesthetic appeal is maintained by greenhouse which contributes pleasant and conducive atmosphere for learning and growth.
