*"The purpose of education
is to replace an empty mind with an open one."
— Malcolm Forbes*

Dear Students,

You are not here merely to earn a degree.

You are here to discover who you are — and who you are capable of becoming.

At RKMV, Shimla, we believe that every student who walks through our doors carries within them an extraordinary potential, waiting to be ignited. Our role is not simply to teach, but to awaken — to spark curiosity, build courage, and cultivate the kind of character that leaves a mark on the world.

Academic excellence matters, and we pursue it with full commitment. But we know that grades alone do not define greatness. The student who learns to rise after failure, to lead with empathy, to think beyond boundaries — that is the student who will truly change the world. That is the student RKMV strives to shape.

Our faculty are not just teachers — they are your guides, your challengers, your champions. Our campus is not just a place of learning — it is a launchpad for your dreams. Every laboratory, every library shelf, every cultural stage, every sports field exists for one purpose: you.

I urge you — do not play small. Ask the difficult questions. Take on the challenges that scare you. Collaborate, create, and contribute. Let your years here be defined not by how much you received, but by how much you gave — to your learning, to your peers, and to society.

The world does not need more ordinary. The world needs you — informed, inspired, and unstoppable.

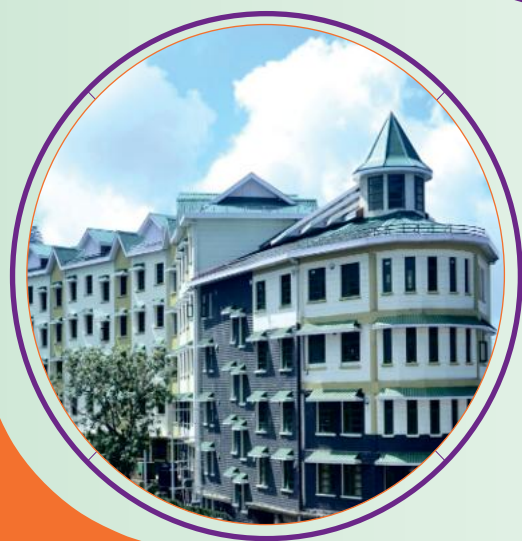

Walk forward with purpose. Lead with integrity. And know that at RKMV, we believe in you — completely and unconditionally.

*"Education is not the learning of facts, but the training of the mind to think."
Albert Einstein*

Why Choose Biotechnology and Microbiology?

Strong Female Representation & Role Models: These fields have a history of women excelling in science and leadership. Inspiring figures like Kiran Mazumdar-Shaw (founder of Biocon) highlight the vast opportunities for women in biotechnology and research.

Career Stability & Public Health Impact: Microbiology professionals are in demand in diagnostics, healthcare, pharmaceuticals, and public health, contributing directly to disease prevention and medical advancement.

Innovation & Real-World Applications: Microbiology studies microorganisms, while Biotechnology applies this knowledge to develop vaccines, medicines, and sustainable solutions for industries and healthcare.

Diverse Career Opportunities: Career paths extend beyond laboratories into: Food & Agriculture, Pharmaceuticals & Healthcare, IP Law & Biotech Management, Scientific Writing & Communication

Excellent Foundation for Higher Studies: These courses provide a strong base for advanced studies such as M.Sc., Ph.D., or MBA, leading to specialization in fast-growing and rewarding industries.

Why Choose BCA (Bachelor of Computer Applications)?

Growing IT Career Opportunities: BCA offers excellent career options in software development, web design, cybersecurity, data analytics, and AI with strong industry demand.

Practical & Skill-Based Learning: Students gain hands-on experience in programming, databases, networking, and application development through projects and workshops.

Diverse Career Paths: Graduates can work in IT companies, startups, banking, digital services, and government sectors in technical and managerial roles.

Strong Base for Higher Studies: BCA provides a solid foundation for MCA, MBA, Data Science, Artificial Intelligence, and other advanced professional courses.

Innovation & Creativity: Activities like coding competitions, hackathons, and tech events encourage problem-solving, innovation, and entrepreneurial skills.

INTERNSHIPS

- Students of Biotechnology and Microbiology undertake internships at renowned universities and prestigious research institutes such as Punjab University, CRI Kasauli, Orbit Biotech Mohali, Rapture Biotech Mohali, CSIR Palampur, and ICAR-CPRI Shimla.
- Students of BCA undertake internships, industrial training, and skill development programs at reputed IT companies, training institutes, and organisations such as NIELIT Shimla, ICFAI University, Orbit Tech Solutions Mohali, various Software Development Firms, and Data Analytics Training Centres. Students also participate in AI, Web Development, Cyber Security, and Business Intelligence training programs to enhance their technical and professional skills in emerging technologies.

STUDENTS PROGRESSION

- The BCA students have successfully progressed into various professional roles and higher education programs. Students are working in software development, insurance, customer management, and data analytics sectors, while others are pursuing postgraduate studies such as MCA from reputed institutions.

Students of the Department of Biotechnology & Microbiology pursue higher education in reputed universities and research institutes such as NFSU Delhi, CRI Kasauli, SILB, HPU, DAV Chandigarh, and Raja Agrasen University through competitive entrance examinations. Many students have also qualified for national-level examinations like GATE, CUET, and IIT-JAM, reflecting the department's strong academic and research orientation.

Historical Background

The institution stands on a site steeped in history. The building, dating back to the 1850s, was originally known as the Elysium Lodge and served multiple purposes over time.

It later came into the possession of Raja Padam Chandra of Jubbal, a noted philanthropist, who dedicated it to the cause of higher education.

A degree college was established here in 1945, and in 1957, it was reorganized as Rana Padam Chandra Sanatan Dharam Bhargava College. The college was taken over by the Government of Himachal Pradesh in 1977 and was transformed into an exclusive girls' college in 1978, acquiring its present name.

Since then, the institution has steadily evolved into a premier centre of learning.

Academic and Institutional Profile

Initially offering programmes in Humanities and Sciences, the college soon expanded to include Commerce and a variety of professional and self-financing courses, such as BCA, Biotechnology, Microbiology, Journalism and Mass Communication, Travel and Tourism, and Fine Arts.

In 2024, postgraduate programmes in Commerce, English, History, and Political Science were introduced, marking a significant academic milestone.

The college also runs Sandhya Sangeet Mahavidyalaya, affiliated with Bhatkhande Sangeet Vidyapeeth, Lucknow, offering training and degree courses in classical music and dance.

Infrastructure and Student Development

RKMV provides a well-developed campus with modern classrooms, laboratories, computer and language labs, a computerized library, auditorium, gymnasium, canteen, and hostel facilities.

Students are encouraged to participate in co-curricular and extension activities such as NSS, NCC, Bharat Scouts and Guides, Eco Club, Red Cross, and Rotaract Club, which help in nurturing leadership, discipline, and social responsibility.

Collaborations and Growth

To enhance academic exposure and research opportunities, the college has established collaborations with reputed national and international institutions, including universities and research organizations. These partnerships support innovation, skill development, and academic advancement.

MoU Signed Between RKMV Shimla and Orbit Biotech, Mohali

On 22 April 2026, Rajkiya Kanya Mahavidyalaya (RKMV), Shimla, through its Department of Biotechnology and Microbiology, signed a Memorandum of Understanding (MoU) with Orbit Biotech, Mohali, a reputed research organization in the field of Biotechnology. It was signed by Dr. Anurita Saxena, Principal, RKMV, and Ms. Upasna, HR, Orbit Biotech, Mohali, in the presence of Ms. Kartik S M Chauhan, Dean Sciences, Dr. Nidhi Dhatwalia, Coordinator Biotechnology and Microbiology, and the faculty members of the department.

The MoU aims to promote academic excellence, research innovation, and skill development among students. This collaboration will provide a platform for bridging the gap between theoretical learning and practical industry requirements.

Under this agreement, both institutions will collaborate in key areas such as academic enrichment through guest lectures and workshops, hands-on training programs, internships, research collaboration, industrial exposure, and career guidance. The partnership is expected to significantly enhance students' employability and practical knowledge in the fields of Biotechnology and Microbiology.

LIBRARY

RAJKIYA KANYA MAHAVIDYALAYA, SHIMLA

The institution has a fully automated library, equipped with internet facilities, catering to the academic needs of students through its two-fold services—reading room and book circulation. The library operates from 8:30 AM to 7:30 PM on all working days.

Automation is enabled through **SOUL 3.0 (ILMS)**, which ensures efficient management of cataloguing, circulation, and easy access to library resources. The library is also supported by a **Visitor Management System (VMS)** to digitally monitor and manage visitor entry, ensuring safety and transparency.

The library maintains a rich collection of textbooks, reference books, and regularly subscribes to about 10 daily newspapers, 22 magazines, and 06 specialized journals. In addition, the library provides access to four e-newspapers, enabling users to stay updated with current national and international developments in a digital format.

Students are encouraged to make full use of the library facilities during working hours. Furthermore, the library's association with the **ONOS (One Nation One Subscription)** initiative provides access to over 13,000 e-journals of national and international repute, ensuring seamless access to a wide range of academic resources.

The library also offers a 30-day internship programme for students of B.Lib. and M.Lib., providing practical exposure to modern library management systems.

1. Every student must carry the Library-cum-Identity Smart Card while visiting the library.
2. Books are issued for a maximum period of 14 days. A fine of Rs. 1/- per day will be charged for late returns.
3. No book will be reissued to the same student immediately after its return.
4. Loss of a book must be reported immediately. The borrower will be required to replace the book or pay its cost.
5. In case a book is defaced or damaged, it must be replaced by the borrower

IDENTITY CARDS

1. A student without a valid **identity cum-library smart card** will be treated as an outsider.
2. Students will not be allowed to enter the college premises without their identity card.
3. The identity cum-library smart card will be issued by the Librarian.
4. In case of loss, a duplicate card will be issued only with the permission of the Principal.

LEAVE RULES FOR STUDENTS

1. Request for leave, duly signed by parent or guardian on the prescribed application form (available in the college office) shall be entertained.
2. Leave of any kind does not exempt the student from depositing fees/fines on the scheduled date. Similarly, the student has to return the borrowed books on the due date.

The initiative facilitates the collection, recycling and re-purposing of plastic milk bags and single use plastic to reduce carbon footprints. The project symbolizes a commitment to environmental stewardship, sustainable development and community engagement.

GREEN INITIATIVE

RKMV with the help of active student participation and the Department of Environmental Science, maintains a thriving plant nursery which not only fosters a green ethos but also encourages a sense of responsibility towards nature. RKMV upholds the tradition of gifting potted plants to guests, symbolizing growth, sustainability and its commitment to environmental stewardship. Additionally, biodegradable waste, from the campus, is converted into a nutrient rich compost, which is sold at reasonable rates generating revenue, a green gesture symbolizing growth and environmental care.

KATRAN

The project 'KATRAN', led by the Clothing and Textiles branch of the Department of Home Science focuses on upcycling pre-consumer fabric waste to promote sustainability and environmental awareness among students. Students are trained in designing and producing usable textile products, such as eco-friendly jute potli. The project supports the idea of 'earn while you learn,' combining creativity, skill-building, and environmental consciousness with students' income generation. By keeping textiles in use for longer duration and reducing dependency on virgin materials, Project KATRAN contributes to the circular economy and sets a meaningful example of innovation and responsibility in the fashion and textile sector.

Expanding opportunities for artistic growth, the **Department of Painting** facilitates students to create custom artwork for hotels and other establishments on commission basis. The department marked a significant achievement in mural and relief sculpture project at H.P Secretariat. MoU of RKMV with Mahsu Art Society, Shimla, a nonprofit organization, provides students the chance to participate in national and international exhibitions and workshops in various cities enhancing their exposure, networks, overall artistic development and a chance to earn while they learn.

PARENT-TEACHER ASSOCIATION (PTA)

Parent-Teacher Association is formed with the objective of promoting participation of parents in the developmental activities of the college. Their presence and valuable suggestions are eagerly solicited by the staff in **P.T.A.** meetings. Elections to the general body of the P.T.A. are held at the beginning of every academic session. The PTA comprises of the following members:

1. Principal - Patron of the body
2. Parents or guardians (only those who have blood-relation with the student/students studying in the college)
3. Teachers

Having been a part of RKMV in their formative years, the old students of the college have a sense of belongingness to the institution and fervently cherish a desire to contribute constructively towards the growth of their Alma mater. To cater to their feelings, the college has formed an alumni association, the membership of which can be obtained by paying a nominal membership fee. The association holds a reunion in the month of October and periodical meetings providing valuable advice to the college authorities regarding academic, co-curricular activities and other pressing issues. The executive body comprises of the following members:

1. Principal: Patron of the Association
2. President, Vice-President, Secretary and Treasurer are elected from amongst the alumni.

VETERAN STUDENTS ASSOCIATION (VSA)

RKMV has reunited veterans who were on rolls when RKMV was known as RPCSDB (*Raja Padam Chand Sanatan Dharm Bhargava Mahavidyalaya*) on a common platform to restore their past experiences as well as to nurture the college with their support and experiences. This move has also strengthened the already existing RKMV Old Students' Association.
